

Vote Solomon Curtis for Brighton Pavilion

A VOTE FOR LABOUR WILL:

Bring our Railways into Public Ownership
Protect Schools Funding
Build a Million Homes
Secure our NHS
Protect Pensioners
End Tuition Fees

 **Labour**

Labour is gaining support in Brighton Pavilion

The Tories cannot win in Brighton Pavilion. Many people voted Green in 2015 because they wanted a radical Labour Party. Now people across Brighton are switching back to Labour and supporting our vision.

Every seat makes a difference. By voting Labour, you can show your support for our policies, and help transform Britain for the better.

Elect a Labour MP

"Having voted Green in 2015, I'm voting for Solomon and Labour on June 8th. This is the Labour Party I always wanted. This election is so important. I want a Labour government so I'm voting for a Labour MP."

Katrina Miller

Retired teacher & NHS campaigner

"As one of thousands of Pavilion commuters, I see Solomon on the train, and I know he understands our misery on Southern Rail. That's why I'm voting Labour."

Steve Smith

Commuter & journalist

"Our children need us to vote Labour now to stop the Tories cutting £13 million from Brighton and Hove schools. I am in no doubt, I am voting for Solomon Curtis."

Theresa Fowler

Small business owner & parent

Every MP makes the difference

For the Many, Not the Few

In this most important election for a generation, I am honoured to be standing as your Labour MP for Brighton Pavilion. Every day I meet people struggling with the rising cost of living – whether young people like me facing an insecure future burdened by crippling tuition fees and student loans, people forced to pay extortionate rents as they confront the impossibility of getting on the housing ladder, or older people worrying about retirement incomes, our NHS and quality care services. And we should never overlook the rising number of homeless people.

Being a commuter, I will take action to resolve the crisis on Southern Rail and stop rip-off fares. I support Council bus services, run for passengers not profit, and Labour will also ensure a level playing field for local taxi operators.

Our schools, hospitals and public services need proper funding, This is affordable with small changes to our tax system which will only be felt by the biggest companies and those at the very top.

Labour is offering you a clear choice in this election to help the many, not the few. **For a Labour Government nationally, vote for a Labour MP locally on 8 June.**
